SUBJECT: District's response to our 19 August 2013 letter regarding
disposal capacity issues

FILE: R5-2008-0033

SUMMARY OF COMMUNICATION:

We called Mr. Holcomb in response to his email from earlier that day regarding the District's response to our 19 August 2013 letter. We informed Mr. Holcomb that the District's response was late (we requested a response by 3 October). Mr. Holcomb got defensive and indicated that our office never responds to items the District submits and takes us years to do so. He also indicated that the District always responds to our letters. Mr. Holcomb informed us that the response would be sent in the same day (24 October) or the following day, but no later than Tuesday of the following week (29 October).

CONCLUSIONS, ACTION TAKEN OR REQUIRED:

We received a response to our 19 August 2013 letter on 29 October 2013. The response is mostly inadequate, only fully addresses one of the five items we requested information for, and indicates the District will follow up with additional information.
